

February 2022

North Carroll Community School is proud to present our 8th Annual Charity Golf Scramble on Friday, May 13th, 2022. This highly anticipated event is always a great day! We are once again hosting our event at The Links at Gettysburg! After the golf scramble, we will be holding an all-you-can-eat crab & shrimp feast along with our popular silent auction and 50/50 raffle.

This year, we are asking you to thoughtfully consider becoming a tournament sponsor. We have designed several sponsorship packages that will promote your business and include you in our fun-filled day. Below you'll find a bit of information about what makes our school unique, and after reading through, we're optimistic that you see partnering with us as a worthwhile investment for your business and our community. Each sponsorship package provides you with different marketing levels to help your business reach the hundreds of people already supporting our school, along with a full course of golfers and local area professionals who attend the event. Should none of the packages laid out seem to fit your business approach, we are willing to work with you to customize a package that fits your needs. Please feel free to contact me with any questions you may have. We look forward to working with you this year!

Sincerely,

Aubry Mortimer
Tournament Host

Our school is a community learning together without limits. Our goal is to provide multi-age, differentiated instruction while giving time for in-depth study and an emphasis on connections between disciplines. We strive to teach the whole child and encourage our students in academic disciplines and world knowledge, healthy living, responsibility for themselves and their actions, integrity, and kindness. Our students leave our school fully armed with all they need to excel academically and socially and the ability to be productive and contributing members of society that may someday help enrich your business.

As the country's educational system continues to change over time, NCCS feels the pull to continue to grow to keep up with the increasing demand for alternative education. We are very excited to be in our fifth year at our new facility that has been custom built to meet our educational needs. This facility includes a STEM room, makerspace, and numerous other unique attributes. All the while, it allows us to cater to even more children and provides small classroom sizes and a close, hands-on approach to learning. At NCCS, we strive to create an environment that nurtures each student individually.

With dedicated supporters of quality education like you, we will be able to continue to fund our growing not-for-profit school. North Carroll Community School is incorporated as a 501(c)(3) and is funded by its parents, community, and local sponsors. All donations are fully tax-deductible. Please consider partnering with us to challenge today's youth with innovative educational experiences. Companies like yours make available the resources that enrich our academic program, and for that, we are forever grateful.

North Carroll Community School... The way school SHOULD Be!
